McKENDREE COLLEGE

LEBANON, ILLINOIS

Dedication

To our quartet of professors—Dr. Waggoner, Dean Baker, Dr. Walton, and Dr. Dolley—for their long and distinguished service to the College covering, collectively, one hundred and sixty-nine years; for their true McKendree spirit, making us grateful for the past and brightly hopeful for the future—in admiration and appreciation, the 1934 McKendrean is dedicated.

Left to right—DR. E. B. WAGGONER, DR. J. C. DOLLEY, DR. W. C. WALTON, DEAN E. P. BAKER.

Foreword

To record the activities of the school year, 1933-34; to help to keep alive the wealth of McKendree tradition and "to hold hands to the years ahead"—the staff presents the 1934 McKendrean.

Grateful acknowledgment is due Miss Alleen Wilson, Dean E. P. Baker, Mr. F. A. Behymer, the administration, the student body, and all others who have helped to produce this book.

TRADITIONS

✧

Hawthorne declares that "Nobody can make a tradition; it takes a century to make it." Traditions are like trees; they grow. Like character they indicate qualities in the object with which they are identified. They contribute much to the reputation which that object bears—for good or ill.

Historic facts afford but the skeleton of a life's story; tradition provides the flesh and blood, the life-giving elements. Recorded history may remain for a thousand years neglected, unloved, but safe in the archives. Tradition is a more delicate thing which requires the constant care and active ministry of living human beings. Without such faithful attention tradition dies.

The power of law may engender respect but the power of tradition is greater than that of law because it rests on sentiment, and sentiment is made up largely of affection. Hence the tenacity of traditions in the face of any concerted effort to destroy them. The older the tradition, the deeper its roots sink into the soil of human consciousness. To eradicate it is like plucking out the heart.

McKendree College is rich in traditions. Many of these have, no doubt, passed into oblivion, others are cherished by the ever diminishing circle of "old-timers," while still others are living, potent factors in the present busy "life upon the hill." How could it be otherwise with such men in the background as Abraham Lincoln, Peter Cartwright, and William McKendree, not to mention a score of others of local fame. These men were in earnest about providing opportunities for "higher learning" for the youth of their own and succeeding generations.

Space forbids mentioning in detail the traditions handed down from these early days, but an analysis of college life in the McKendree of today readily reveals the wealth of influences which are daily contributing to the enrichment of experiences and to the encouragement of spiritual forces which are essential to all true education. These influences are due in large part to the sacred traditions of Religion, Democracy, Honor, Courtesy, Integrity, Responsibility and Truth.

—E. P. Baker.

THE COLLEGE

"'Twas a place of meeting and friendly greeting,
The old stone steps by the Chapel door."—F. C. Brown.

Standing as monuments of tradition and cherished memory, the buildings on College Hill trace McKendree's history from 1850 to the present day. For on Commencement Day, 1850—just eighty-four years ago this June—the cornerstone of Old Main was laid. Eight years later the class of '58 were the first to receive their degrees from the platform of the newly-completed Chapel building, then, "the largest hall of its kind in the state." The Chapel is still, perhaps, the most interesting building on the campus. Its spire rises one hundred and forty-five feet above the level of the walk in front, and the belfry contains the historic bell which once called New Mexico Indians to worship at a Spanish mission. Purchased in 1858, the bell has been in continual service ever since, last year's graduating class being the seventy-fifth it has called to commencement.

"While bright-eyed science watches 'round . . ."—Gray.

"The path of true learning is long and steep; the gateway—an open mind; the goal—the truth."

McKendree's buildings grew with the years. In 1910, the campus took on a greatly-changed appearance with the erection of the men's and women's dormitories, Carnegie and Clark Halls, and Pearsons Hall. In June, 1918, the latest of the present buildings on the campus, the Benson Wood Library, was dedicated. The gift of Mrs. Jennie Jewett Wood, in memory of her husband, the Honorable Benson Wood, the college library now contains over sixteen thousand volumes. In addition, the campus boasts three-storied Science Hall, old Eisenmayer gymnasium and Hypes Field, scene of so many McK football victories.

All of these, coupled with the natural beauty of the campus, particularly the fine old trees, are part of that indefinable something --McKendree spirit.

"Clark Hall steps--famous long since . . ."

PRESIDENT HARMON

REV. CAMERON HARMON, A. B., D. D., LL. D.

Recently, Dr. Harmon completed his twelfth year as president of McKendree College—a term of office longer than that of any other president but one in the history of the College. Since Dr. Harmon, probably the most popular president in the history of the old school, assumed the presidency much has been achieved. For the past twelve years the faculty, as well as the enrollment, have experienced a steady growth.

DEAN BAKER

EDWIN PERCY BAKER, A. B., A. M., LL. D.

Forty-one years ago Dean Baker won a place in the heart of McKendree and for forty-one years he has held that same place in the hearts of McKendreans. Never was there such genuine humor backed by such logical reasoning as that which Dean Baker possesses. It seems impossible that there could be another American living that has taught as much German as Dean Baker.

ALMA MATER

A college 'mid plains is standing, standing there from olden days,
A pioneer of learning, first in untrodden ways,
For Service and Christian Culture, for Efficiency she stands,
Her sons and daughters praise her, with voices, hearts, and hands.

Hail to thee, our dear old McKendree,
May we always loyal be,
It's a song of praise we'll raise to thee,
Alma Mater, dear old M-C;
May we always hold thee true and wise and right,
Honor Purple and the White,
And for victory we'll always fight,
Till we win for old McK.

Enduring and strong she stands there, stands upon our college hill,
Though others may outnumber, she holds first place still,
For Beauty and Truth and Knowledge, and Service without bound,
Then let us raise our voices, until the plains resound.

McKENDREE COLLEGE ORGANIZATIONS

The Student Association makes no distinctions. It's everybody's organization.

If you would like to "break into print" investigate the possibilities of the Press Club.

Should you crave scientific distinction, there's Sigma Zeta.

And Sigma Beta Rho offers an ever-open channel for service.

Who doesn't enjoy an argument? Pi Kappa Delta can help you to become really proficient in that art.

"All the world's a stage". So says Alpha Psi Omega.

And, "He's a jolly, good fellow", sing the Bachelors and Alpha Mu Omega.

Why should the men have a monopoly on the Greek alphabet? They don't since November. Ask the three women's social sororities.

"We like our daily dozen, too", might be the slogan of the W. A. A.

To help you in developing a well-rounded personality investigate what Y. M. and Y. W. have to offer.

The Glee Clubs agree with Longfellow that "Music is the universal language of mankind."

Did you earn a letter this year? The "M" Club is looking for you.

If you are interested in birds, trees, and stars you will find happy companionship in the Nature Club.

Some day you may be president. Of what? Oh, that's for you to decide. Whatever it is the literary societies will help to get you ready.

Be part of the "Big Parade". Join the Band.

The period from 9:25 to 9:50 on Friday mornings has come to be known as "student chapel", so-called because it is given over to the interests of the Student Association.

This Association is the one all-inclusive organization at McKendree College. Every regularly enrolled student of the college is automatically considered a member and may have a voice in the meetings.

Among the activities of the 1933-34 association were the interesting weekly chapel programs and the banquet given in honor of the football team on December 18th, in Pearsons Hall, at which time, Robert L. Finch, director of athletics at St. Louis University was the principal speaker.

The "McKendree Review", edited by the Press Club, is now completing its thirteenth year on the campus. During its period of activity it has constantly served as the voice of student opinion, a loyal advocate of campus organizations and a reminder, to far-away McKendreans, of their Alma Mater.

The Press Club has no regularly elected officers. Members of the "Review" staff are appointed to office and thus acquire training in newspaper work. Professor S. M. McClure is the sponsor of the club.

McKendree's weekly publication enjoys the loyal support and co-operation of faculty and student body alike.

McKendree College is honored to number among her organizations the Beta chapter of Sigma Zeta, national honorary scientific fraternity. Established in 1926, the year following the society's founding at Shurtleff, the organization at McKendree is now one of eight similar chapters in colleges throughout the United States, whose express purpose is to give recognition to worthy undergraduate students for high scholarship in science and mathematics.

During this year, the Beta chapter has again helped to further this purpose. In April, seven pledges were initiated, bringing the chapter roll to fourteen. In May, the organization was represented at the national conclave held at Otterbein College, Westerville, Ohio. Dr. C. J. Stowell and Prof. S. M. McClure, faculty members, are both national officers of the fraternity.

In response to Christ's command, "Go ye . . . and preach", McKendree's student body has always included ministerial students. In the autumn of 1931, such a group, with Dr. Walton's assistance, organized the College's ministerial fraternity, Sigma Beta Rho.

The purpose of the fraternity is to promote scholarship, brotherhood and religious faith among its members. The present membership includes nine ministerial students as well as five honorary members: Dr. Harmon, Dr. Walton, Rev. Todd, Rev. Bennett, and Prof. Garvin. Dr. Walton has remained the fraternity's sponsor since its organization.

Sigma Beta Rho, this year, has included in its activities various chapel services and the annual banquet.

Students winning forensic honors at McKendree College are given national recognition through the Illinois Theta Chapter of Pi Kappa Delta. Membership in the organization is open to those who have represented their college in recognized intercollegiate oratorical contests or debates.

This year the McKendree chapter of Pi Kappa Delta sent delegates to the National Biennial Pi Kappa Delta Convention held in Lexington, Kentucky, April 2nd to 6th. These delegates were Marjorie Snow and Pauline Lucas, entrants in Women's Debate, and Paul Meadows, representative in Men's Oratory and "Extemp". Miss Alleen Wilson, who is sponsoring the organization since the departure of Miss Howe, accompanied the group and acted as a judge in debate.

Paul Meadows was the winner of third place in the State Oratorical Contest held at Bradley Polytechnic Institute in February. Marion Harmon represented McKendree in the women's event. Miss Rosalind Hohn also attended the contest.

Seven students have attained to eligibility for membership during the year through debate and oratorical activities.

During recent years dramatics have come to loom large among the worthwhile activities of the college campus. To care for this need a national honorary dramatic fraternity, Alpha Psi Omega, was organized in 1925. The aim of the fraternity is that of providing a reward for students who distinguish themselves in college dramatic productions. Eligibility to membership is based upon the playing of a certain number of major and minor roles in campus productions. Other kinds of dramatic activity may also help to establish eligibility.

As a national organization the fraternity acts as a medium for broadened fellowship among college dramatic directors as well as for students who are interested in the promotion of dramatic activities. Each chapter is called a Cast.

In 1927 the Alpha Theta Cast of Alpha Psi Omega was organized at McKendree College with a charter roll of sixteen members, Miss Olive E. Patmore acting as faculty adviser and sponsor. Miss Rosalind Hohn is at present serving in that capacity.

The Cast has grown steadily through the seven years of its existence. During this year six members have been added. Various social functions have also entered into the year's activities.

Organizations for the promotion of fraternal and social relationships among college men are of prime importance on every campus. At McKendree the Bachelors' Fraternity aspires to be among those organizations rendering this service.

This local organization was established in 1919 by Professor L. A. Butts, Dr. Howard W. Gould, Dr. P. L. Jones, J. Bertram Harmon, and Dr. A. H. Lochner. Membership includes twenty-two students and one faculty member, Professor S. M. McClure. Professor L. A. Butts, alumnus and former instructor during a summer session of the college, is the present faculty sponsor.

This year, the Bachelors, together with the members of the Alpha Mu Omega Fraternity presented a minstrel show at the Mamo Theatre. Other activities of the Bachelors included a wiener roast, a party at Locust Hills County Club and the annual banquet held at the Congress Hotel in St. Louis on the evening of May 12th.

The year 1924 saw the founding on McKendree's campus of the Alpha Mu Omega fraternity. This local organization was established for the purpose of furthering the spirit of fellowship, fidelity to brother members, and loyalty to the school.

Professor Claude E. Vick, head of the McKendree College Department of Education, and Wesley Kettelkamp, former professor of History at McKendree College, are faculty sponsors of the fraternity.

The members of Alpha Mu Omega, together with the Bachelors, presented this year the A. M. O.-Bachelor Minstrel, an outstanding entertainment of the school year. The fraternity sponsors a number of social gatherings every year, including the annual banquet given each spring shortly before the close of the school year.

On the evening of November 9, 1933 a meeting was held in Clark Hall to discuss the organization of a sorority. The eleven girls present at this meeting drafted a constitution, which, together with a petition, was shortly afterward presented to the faculty committee on student organizations, asking permission to organize as a sorority. This being granted, the first official meeting was held on November 16th. Phi Lambda Tau, as this organization was later christened, is the first sorority to be established on the McKendree College campus.

Dr. Nell Waldron was chosen as its sponsor. Following her resignation at the end of the first semester, Mrs. Leone C. Reed, of the English department, was chosen to succeed her. The patrons and patronesses of the sorority are Mr. and Mrs. W. C. Pfeffer, Mr. and Mrs. Herman Pfeffer, Mr. and Mrs. St. Clair Flint and Mr. and Mrs. R. C. Fox.

Phi Lambda Tau's social calendar for the year has included a "rush" tea and a "rush" party at the homes of Mrs. W. C. Pfeffer and Mrs. R. C. Fox, a party at the Locust Hill Country Club, and a banquet.

Kappa Theta Tau was another of the sororities to be organized on the campus during the month of November, 1933.

The purpose of this organization as set forth by its charter members is that of "promoting scholarship, friendship, and social activities among the girls".

Miss Agnes Howe was chosen as sponsor of the sorority but, during her present leave of absence for graduate study at Northwestern University, Mrs. C. E. Vick has been the acting sponsor.

The sorority patronesses are Mrs. Harold Pfeffer, Mrs. Louis Pfeffer, Mrs. Lawrence East, and Mrs. John Zinckgraf.

A number of interesting social events have been given by Kappa Theta Tau during the year. These include among others, a "rush" tea and a "rush" party in the homes of Mrs. Harold Pfeffer and Mrs. Zinckgraf as well as a farewell dinner for Miss Howe with Mrs. Louis Pfeffer. These were later followed by a party at the Fairview Country Club and a banquet at the Hotel Jefferson in St. Louis on the evening of May 19th.

The youngest of McKendree's sororities is Beta Alpha Mu. The third organization of its kind to be founded on the campus, it, also, was formally organized in November, 1933.

Its purpose, as set forth by the ten charter members, is "to establish fraternal and social relationships among the members and to promote scholarship".

Although it has been in existence but a short time, its social activities have been numerous. These have included a "kid" party, various "rush" parties, and a Valentine party at the Locust Hills Country Club.

Miss Rosalind Hohn is faculty sponsor for the group.

The Woman's Athletic Association, better known on the campus as the W. A. A., with Miss Rosalind Hohn as its sponsor, held its first meeting on Thursday, March 1, 1934.

The principal objective of this, McKendree College's youngest organization, is to render possible the participation of more women students in athletics and various forms of physical education. A definite number of points are to be given for the activities in which each woman student takes part and, upon having accumulated a specified number, that individual will receive a letter. Katherine Pagel, one of the organization's charter members was elected point chairman of the association.

Freshmen girls arriving on the campus in September find the difficulties connected with registration and first week activities in general considerably lessened by the acquisition of a "Big Sister" who helps to smooth the way through this somewhat trying period of adjustment. For this happy circumstance the Y. W. C. A. is responsible, for one of the outstanding aims of this organization is the promotion of a spirit of helpful Christian companionship among the women of the college.

The McKendree College Y. W. C. A. was organized in 1899 by Miss Anna Love of Edwardsville. That year there were only nine members in the group; now every woman student of the college is considered a member. The faculty advisors are Misses Wilson and Harper.

Besides taking part in the Big and Little Sister movement which has become quite general on college campuses the Y. W. sponsors many first-week get-acquainted activities as well as various parties throughout the year.

One of the most helpful of McKendree's organizations, from the standpoint of meeting the religious and social needs of the students on the campus and introducing them to the larger student world, is the College Y. M. C. A., established in 1897, and including all men of the college as members. Rev. C. Todd has been the association's sponsor this year.

Last June, the organization was represented at the Lake Geneva Student Conference by a group including Professor Huck, Clifford Hertenstein, Clarence Walton, Elmer Lowry, and Harold Gieseke, and this year, a delegation attended the sixtieth anniversary of the founding of the University's Y. M. C. A. at Champaign.

Other activities have included co-operation with the Y. W. C. A. in publishing the Y's McKendrean and in first week activities, deputation work headed by Forrest Clark, and boy's work in the community, as well as the semi-monthly association meetings.

MEN'S QUARTETTE
1st Row—Dave Pfeffer, first tenor; Gordon Beers, second tenor; Shirley Nichols, baritone; George Goodman, bass.

The Men's Glee Club, like its sister organization, is directed by Miss Pauline Harper and is organized for the same purpose.

This year the club's annual spring trip took it to Greenville, Effingham, Olney, Ashley, Fairfield, and Centralia during April 18-22, programs being given in the churches and high schools of these communities. A number of short trips made up the remainder of the season which was concluded by a combined concert of the women's and men's clubs in May.

Because of their splendid work this year, the College is justly proud of these two campus musical organizations.

The Women's Glee Club has as its purpose the further development of musical ability and appreciation among interested women students as well as providing worthwhile music for music lovers on and off the campus.

To this end, as well as serving as an advertising medium, the club makes an annual tour to various points in the Southern Illinois Conference, entertaining in churches and schools and establishing relations between the college and its constituency. The club's itinerary this year included Mt. Vernon, Herrin, Johnston City, Mounds, Anna, and Murphysboro.

Besides participating in the combined concert of both clubs, the Women's club as well as the Men's, assisted in presenting the oratorio, "St. Paul," on Sunday evening, June 3.

Nature has graciously endowed the campus of McKendree College, but the development of this heritage in recent years has been largely due to the efforts of the Nature Club and its faculty sponsor, Dr. E. R. Spencer. From the year of its founding, 1926, to the present time the club has held to its two-fold purpose: first, to improve the campus; and, second, to give to its members a broadened appreciation of nature through meetings and hikes.

There are no special requirements for membership in this organization. The club meets every Wednesday evening, and both those who love nature and those who wish to acquire an appreciation are welcomed.

The rock garden, the lily pool and the beautification of the back campus in general have been supervised by the Nature Club. Every year a camping trip is taken by the members of the club and wild plants are brought back to add new beauty to the college grounds.

Realizing that extra-curricular activities hold an important place in the development of the all-round man, Plato strives to promote certain of these activities for the good of its members and the student body as a whole.

Regular meetings of the organization are held every Monday evening. At these meetings the members receive training in debate, parliamentary drill, and in that terror of even the best of speakers, the impromptu speech. Plato invites visitors to its meetings the first Monday night of each month.

During the year Plato invited and received into honorary membership seven professors of McKendree College. They were Dean E. P. Baker, Dr. E. R. Spencer, Dr. C. J. Bittner, Dr. J. F. Reed, Professor O. H. Kleinschmidt, Dr. W. C. Walton and Rev. Clyde Todd.

About to complete a century of worth-while activity, the Philosophian literary society, established in 1837, is the oldest organization on the Hill. For all these years the purpose of the society has been "the mutual improvement of its members in oratorical attainments and scientific and literary pursuits", and from this purpose Philo has never drifted. That it has been a worthy one is evidenced by the Philosophians who have gone into every honorable calling—into politics, medicine, law, religion and education.

The year 1933-34 has been another successful one. The regular Monday evening meetings, the monthly open sessions and special programs have promoted literary and social activity on the campus as well as among the Society's members. Philosophians are looking forward to the Triennial Banquet in 1935 and the Centennial in 1937.

Sixty-five years ago the fourteen charter members of the Clionian Literary Society first met and began functioning as an organization. Throughout this long period of time this organization, the only woman's literary society on the Hill, has carried on, striving to hold firmly to its ideal and slogan, "Virtute et Labore" (Virtue and Labor).

Clio meets each Monday evening in Clio hall and, in order that those who are not members may observe the work being done, the second meeting of every month takes the form of an open session to which visitors are invited. Officers are elected every six weeks with the exception of the treasurer, who holds office throughout the year.

Other features outside of the regular and open session programs for this year have included open house, honoring former Clionians, on Home-coming day; the annual exhibition program during commencement week; and the triennial banquet held in Pearson's Hall on the evening of May 4th.

From the time of its organization in 1926, the McKendree College band has taken part in various campus activities, thus becoming a very definite factor in college life. Outside of the student membership of this year there were several persons from the town and community who assisted in the efforts of the organization. To them, special appreciation is due.

During the year the band played at home games and on one occasion traveled with the team, thus adding to the demonstration of school spirit.

DEBATE SQUAD

"Resolved: That the Powers of the President of the United States Should Be Substantially Increased as a Settled Policy" was the question debated by McKendree's debate squad which was composed of the following members: Helen Saegesser, three year's experience; Paul Meadows, Marjorie Snow, Dorothy Schmedake and Harold Whitlock, each with one year of previous experience; and Pauline Lucas, Mary Lou Pharis, Emile Mignery and Arthur Huffman, whose participation began with the present year.

On Saturday evening, April 21, the debate schedule was brought to a close, after a successful season, with an inter-racial debate with Le Moyne College of Memphis, Tennessee, the leading Negro college in the mid-South. Pauline Lucas and Arthur Huffman upheld the affirmative of the national Pi Kappa Delta question for McKendree. The debate was non-decision and was the best attended of the season.

Besides the Le Moyne contest, the debate squad has had a full program including encounters with Illinois Wesleyan University, Northwestern State Teachers' College, Park College, Olivet College, Principia College, Augustana College, Greenville College, Blackburn College, Culver-Stockton College, Northwest Missouri State Teachers' College and Shurtleff College. Besides these home debates, a mixed negative team composed of Dorothy Schmedake and Paul Meadows debated in Carlinville on the evening of March 16, where they won an audience decision from Blackburn College.

Three contestants from McKendree College entered the National Pi Kappa Delta convention contests held in Lexington, Kentucky, April 1 to 6. The women's debate team composed of Pauline Lucas and Marjorie Snow won a decision from Emporia Teachers, who placed second in the finals. Paul Meadows represented McKendree at the convention in oratory and extempore speaking.

Captain-Elect, 1934; Halfback, *Pantagraph* First All-Star; Honorable Mention *United Press* selection.

"Wilson gave the Titans' great forward wall more trouble than any other man this season, and is an exceptionally clever, hard driving little fellow."
FRED YOUNG, PANTAGRAPH.

"Spike" was rated one of the fastest backfield men in the conference last season. His ability to return kicks has gained wide recognition.

End, Honorable Mention *Pantagraph* Selection, Honorable Mention *Associated Press.*

"Big Chief", a North Carolina Indian, smeared many a play while it was still in the making by nailing the ball-carrier behind the lines. There is no doubt as to who will fill the left end position next season.

OAKLEY BRADHAM, Xenia, *Junior*
Halfback, Honorable Mention *Pantagraph* Selection last year.

The Red Bird's defeat will be remembered as "Doggie" Bradham's day. Playing as he never played before, "Doggie" climaxed the day by catching a long pass and racing down the field for the only touchdown of the day.

"McKendree College is credited with having one of the best backfields ever developed in the Little Nineteen Conference."

The power of the Purple's crushing attack was revealed in the first conference game of the season. Touchdowns were scored by Wally Rauth and Aufderheide. An All-Conference quarterback, and two shifty, darting halfbacks were too much for the Teachers' impregnable wall.

"The brilliant recovery of a blocked punt by Wally Rauth and a 60-yard run by Aufderheide for touchdowns added another Home-coming victory for the Purple."
E. ST. LOUIS JOURNAL.

There is but little doubt that "Musky" will be right in the front line when the season opens next fall. Although small in height, he makes up for it in brawn.

HOWARD LARSH, E. St. Louis, *Sophomore*
Guard.
In spite of minor injuries received in play, Larsh always talked up the line and inspired confidence and fight in his teammates. There wasn't a man on the team who could take it like Larsh.

LEROY RICE, Flora, *Freshman*
Guard. Honorable Mention *Pantagraph* selection.
"Duck" was rather light for his position, but he showed the big fellows that he could take it. He took terrific punishment in the Wesleyan game, but went back for more.

BARNEY COLE, Belleville, *Junior*
Fullback.
Barney, diminutive Westminster star, proved his ability as a triple-threat man, but was handicapped by injuries during part of the season.

JOHN RAUTH, Belleville, *Sophomore*
Guard.
Injuries to the regulars gave Johnnie a chance to prove to the coach that his presence did not weaken the line. He was always there to give and take.

"The Bearcats have proved that they have an impregnable line, not allowing a score in four conference victories."
ASSOCIATED PRESS.

The success of the Normal game was due to the educated toe of "Spike" Wilson and the racing ability of "Doggie" Bradham, who made the only touchdown of the game. They were ably assisted in defensive play by the sturdy line. Wilson accounted for one of the two field goals made in the conference during the season.

"With Gov. Henry Horner and several thousand other fans looking on, McKendree and Wesleyan provided a football spectacle seldom equaled in Illinois college play."

"Spike", elusive halfback, sent his teammates off to a 7 to 0 lead early in the game only to see it slip to a Wesleyan decision in the third quarter. Over a hundred students accompanied their heroes to give them moral support in the championship game. The fight which the Purple put up will long be remembered by both Wesleyan and McKendree. In fact there are several physical souvenirs to be found among the players who engaged in the struggle.

PURPLE HAS .526 STANDING

Winning four conference games out of nine starts and piling up ten victories out of nineteen tries, climaxed one of McKendree's most successful hardwood seasons in years. Loss of Pfeffer, center, by eight semesters of competition forced Coach Waldorf to do some shifting. Moorman was put in at guard, Woody went up to forward, and Stroh took the center position. Six of the eight lettermen will be back next season to bolster the conference standing.

STROH

FULKERSON
SCOTT

CLEVE STROH, Mt. Carmel, *Junior*
Captain and Forward.

Captain Stroh led his teammates through one of the toughest and most successful seasons in Purple history. "Izzy" topped Waldorf's scorers with 199 points.

WOODROW FULKERSON, Carmi, *Senior*
Guard.

Starting the season as a guard, "Woody" was shifted to the offensive position where he piled up a handsome score to hold third place in Purple point-getters. Fulkerson is lost to the team by the sheepskin route.

GEORGE MOORMAN, Edwardsville, *Senior*
Guard.

George, a two-sport man, has ability on the hardwood as well as the gridiron. He was especially noted for gathering the ball from off the back board.

KENNETH SCOTT, Marissa, *Junior*
Guard.

A guard cannot be judged by the baskets he makes is Scott's theory. "Scotty" sticks like a leach to his man, as for example, in the Shurleff tilt when neither of the opposing forwards scored.

BASKETBALL

KENNETH WILSON, Granite City, *Sophomore*
Forward.

"Spike" was McKendree's sole representative in the Conference All-Star selection, receiving honorable mention by the Associated Press. He led the scoring in conference tilts with 96 counters.

ALBERT MANWARING, Chester, *Junior*
Forward.

Manwaring was used by Coach Waldorf to relieve his regular forwards. Although used only part time, Manwaring tied for fourth place on the Purple scoring squad.

GUSTAV KRIZEK, Belleville, *Freshman*
Guard.

"It beats me" the way Gus can get under the basket and come out with the ball. Coach Waldorf will have little trouble in replacing one of the vacancies left in the defensive positions.

ELVIN HARMON, Marceline, Mo., *Freshman*
Guard.

"Bing" developed from a freshman of unknown ability into one of the strongest reserves on the team. Harmon had an eye for the basket and could flip out a hook shot when an extra basket was needed.

TRACK

Top Row—Assistant Coach Hartley, Baldridge, Harris, Nattsas, Habig, Capt. Gruchalla, Krizek, E. Harmon, Whiteside, Whittington, Moore, W. Rauth, Coach Waldorf.
Bottom Row—Rice, Sanders, Caruthers, Sampson, D. Harmon, J. Rauth, Presley, Randle, Fulkerson.

Six lettermen—Captain Frank Gruchalla, Fulkerson, Nattsas, Whiteside, Presley, and Caruthers were the only veterans on the field when Coach Waldorf started track and field work this spring. The remainder of the experienced squad was made up of two seniors: W. Rauth, M. Harris; sophomores: J. Rauth, Moore, Sanders and Dale Harmon. The freshman class possessed the largest representation with Habig, Sampson, Baldridge, Whittington, Harmon, Randle and Krizek breaking into the point-getters.

Fulkerson early gained distinction by placing third in a 60 yard race that tied the world record of 6.1 in the indoor meet held at North Central College at Naperville. Captain Gruchalla, winner of first place in shot put last season and again favored to win, failed to place at Naperville. Only two other veterans made the trip, Caruthers disqualifying in the mile and Whiteside losing the high jump.

Caruthers, Fulkerson, and Gruchalla scored 15, 10, and 4 points respectively for 29 of McK's points in the opening outdoor dual meet which was dropped to Washington University by a 35 to 96 margin on Francis Field in St. Louis. Caruthers winning first in the 2, 1, and ½ mile was high point man of the meet; Fulkerson won the 100 and 220; Gruchalla won second in shot put and third in discus. Other Purple scorers were: Whiteside, third in high jump and high hurdles; Farendt, tied for second in pole vault; Rice, third in shot put; and Nattsas, third in half mile.

The remainder of the schedule:

May 5—S. I. N. U., there
May 8—Blackburn, here
May 5—S. I. N. U. and E. I. T. C., here.
May 11—S. I. N. U. and I. C. (Jacksonville).
May 29—State Meet (Monmouth).

INTRAMURAL

Sports that attracted intramural attention during the past year were: basketball, track, tennis, and indoor baseball.

Basketball.—The A. M. O. fraternity won the six-team two-round race by defeating the Sissies in a rub game after each team had won a round. The A. M. O.'s won the first round with four wins and one defeat, while the Sissies won the second round with five straight victories. In the championship game the A. M. O.'s defeated the Sissies 41 to 19 to become intramural champions for the second consecutive year. The Bachelor fraternity came through for third position, while the faculty and Plato tied for fourth place. S. P. O. maintained its consistant record in the cellar position with no victories during the season to its credit. Presley, A. M. O. forward, was high point man in the league with 137 counters to his credit. An all-star selection made by the Review, student publication, was composed of Presley, A. M. O., and Bill Sanders, Sissies, forwards; Berendt, A. M. O., captain and center; Aufderheide, A. M. O., and Suhrheinrich, Plato, guards. Pfeffer, Hartley, Bruce, Dieckmann and Dosher composed the second string five.

Track.—The seniors ran away with the annual interclass field meet, scoring 85 points to the rest of the school's 70. Frosh were second with 30; Juniors third with 27 and the cock sure Sophomores with 13. Gruchalla, senior and last year's high point man, again led his classmates with 24 points. Caruthers, junior, had 15; Fulkerson, senior, 14; W. Rauth, senior, 12. Nattsas, Harris, Moorman, Whiteside, and Braun counted points for the seniors; Presley, Musgrove and Schubkegel for juniors; J. Rauth and B. Sanders for sophomores; P. Sampson, Rice, Knowles, Berendt, E. Harmon and Baldridge for freshmen.

Tennis and indoor baseball.—As we go to press a men's tennis tournament with 22 entries and a twilight soft ball league with seven competitive teams is under way.

FOOTBALL SONG

✧

When old McKendree College falls in line,
We'll win that game another time;
For the Varsity we'll yell, yell, yell,
For the football team we love so well, so well;
And then we'll fight, fight, fight for every score,
We'll circle ends, and then we'll win some more
And we'll roll old Shurtleff in the sod, in the sod.

Scene From "THE YOUNGEST"

"The Youngest", the Home-coming play, and three one-act plays given late in the fall, were the productions of the dramatic department for the first semester. The one completed a perfect home-coming celebration on October 21; the others showed the producing-ability of the play production class.

"The Youngest"
by
Philip Barry
presented in college chapel October 21
directed by Agnes Howe

There was nothing unusual about the setting of this modern American comedy—only an ordinary family's home in a small New York State city. And yet, the dispositions of the members of that group, with their quirks and fancies, provided enough humor to make the production entertaining. The youngest in that family was bossed by all, then suddenly turned and bossed all—it was only a woman that caused the change.

The faculty "went dramatic", and under the auspices of the Faculty Dames Club on February 27, in the chapel presented a group of plays. They succeeded in showing the students "how it is done"—learning lines, attending classes and what not. The first play, "A Splendid Offer," reconciled Aunt Georgina to the marriage of her granddaughter with a "horrible Bolshevik." The second, "Jethro," portrayed the tragedy of trustful old age betrayed by thoughtless youth. The third, "Fourteen," depicted an ambitious hostess who managed to secure the Prince of Wales as a guest at a dinner party in spite of a blizzard.

"HEDDA GABLER"

By Henrik Ibsen

Presented in the College Chapel May 22

Directed by Rosalind M. Hohn

Different from the typical problem play of Ibsen is his "Hedda Gabler," of which he once said, "It is not my desire to deal in this play with the so-called problems. What I wanted to do was to depict human beings, human emotions and human destinies, upon a groundwork of certain of the social conditions and principles of the present day." About the character of Hedda the whole situation revolves; she is energy, selfishness, masterful calculation, and attractiveness—all combined. She guides the destinies of her husband, her former lover, and her former schoolmate, only to find herself in the end, helpless before the consequences of her own scheming. Rather than supinely succumb to fate, which allows no human escape, she takes her own life "beautifully", once again exemplifying her strength and power of will.

MAY FETE

Louise Heely, senior of St. Libory, was crowned queen at the annual May fete. Miss Heely has been active during her four years at McKendree in Clio, Alpha Psi Omega, Kappa Theta Tau, Glee Club, Women's Athletic Association and has been an officer of the student association. Her maid of honor was Marion Harmon of Lebanon and her attendants were Lorene Fullerton of Marissa, Marjorie Snow of Vienna, Ruth Habig of St. Louis, Mo., and Helen Saegesser of Granite City.

The complete program for the fete included:

Procession.

Crowning of the queen.

Winding of the maypole.

Demonstration by the W. A. A. Girls including tumbling, pyramid building and interpretative dance groups assisted by Charles R. Davis, dance artist, from St. Louis, Mo.

The day's entertainment was in charge of Miss Rosalind Hohn.

SENIOR TREE PLANTING

Campus day, the grand finale of which is the annual Senior tree planting, was Thursday, April 5. In future years members of the class of '34 will point with pride to the tree, a burr oak, planted by them on that day.

The main speaker on the program that afternoon was William Willard of O'Fallon. The complete program was:

Opening selection—Band.

Invocation—Rev. Todd.

Reading, "The Heart of a Tree"—Lorene Fullerton.

Reading, from "In God's Out of Doors"—Marion Harmon.

Song, "Trees"—Marion Harmon.

Essay, "Our Tree Planting"—Albert Nattsas.

Main address—William Willard, O'Fallon.

Tree Planting.

Remarks, "Purpose of Planting"—Frank Gruchalla, Senior president.

Alma Mater—Band.

Benediction—Dr. Harmon.

McK. 7, WASHINGTON U. 22; McK. 14, CHILLICOTHE 3.

(Continued from page 62)

"McKendree Bearcats showed unexpected strength against Washington U. and held the Conzelman team to a 7-7 tie during the first half of the opening game at Francis Field."
ST. LOUIS POST-DISPATCH.

An aerial attack centered around Fulkerson, Wilson and Bradham was the exciting feature of the Washington game. After passing the ball down the field for 27 yards' gain Fulkerson pushed over the remaining six yards for the Purple's only touchdown.

Zook and Wilson scored the touchdowns to upset the Business men in the second out-of-state game of the year.
